

**IN THE SPECIFICATION:**

The specification as amended below with replacement paragraphs shows added text with underlining and deleted text with ~~strikethrough~~.

Please REPLACE the paragraph beginning at page 6, line 5, with the following paragraph:

For example, let us consider a case where a user A makes an online purchase of a product Q from a company X and designates ~~oneself~~ herself or himself as a recipient. Company X makes an application with a predetermined management server for delivery to user A. The management server, upon receiving this application, sends to user A an email with the URL of a web page with a form for inputting delivery terms, so that user A can designate those delivery terms.
